

AICOG 2026

14th January 2026, Wednesday

FULL DAY WORKSHOP

Imaging In Twins And Infertility: From Diagnosis to Prognosis

Advisors: Dr Ashok Khurana, Dr PK Shah, Dr Raju Sahetya

Convenors: Dr Archana Baser, Dr Neena Malhotra, Dr Reema Bhatt

PRE-LUNCH WORKSHOP IMAGING IN TWINS

Time	Topic
Session 1	
09:00-09:15 AM	Chorionicity, amnionity in Twins- When and How to Diagnose?
09:15-09:30 AM	Aneuploidy screening in Twins- Is it Different from Singletons?
09:30-09:45 AM	Challenges in anomaly scan for twins
09:45-10:00 AM	Discussion
Session 2	
10:00-10:15 AM	USG for Complications in MC Twins
10:15-10:30 AM	FGR in Twins
10:30-10:45 AM	Monitoring Twin pregnancy- How useful is USG?
10:45-11:00 AM	Discussion
Session 3	
11:00-11:45 AM	Ultrasound the Gamechanger in Monochorionic Twins – Case Scenario Based Panel
11:45-12:30 PM	VIDEO SESSION- Imaging and Interventions in TWINS

POST-LUNCH IMAGING IN INFERTILITY- FROM DIAGNOSIS TO PROGNOSIS

Time	Topic
Session 1	
02:00-02:15 PM	Ovarian reserves testing -Can we prognosticate with USG
02:15-02:30 PM	Understanding Adenomyosis better with imaging
02:30-02:45 PM	Imaging to navigate surgical management in Fibroids
02:45-03:00 PM	Discussion
Session 2	
03:00-03:15 PM	Endometrial evaluation in infertility
03:15-03:30 PM	Adnexal evaluation- From diagnosis to decision
03:30-03:45 PM	Implantation the Blackbox- can Doppler USG help?
03:45-04:00 PM	Discussion
Session 3: Panel Discussion	
04:00-04:45 PM	PANEL DISCUSSION- Ultrasound the Gamechanger in Infertility management
04:45-05:30 PM	VIDEO SESSION - 3D and 4D for Imaging in ART
